March 5, 2023

Hello Students, Parents and Guardians,

I'd like to start by saying **Thank You** to each student for bringing in their iPad on Monday morning for the Infrastructure Trial. That made a huge difference and we hope to see a similar situation in April and May.

I'd also like to say **Thank You** to each of the parents/guardians who arrived early this morning and/or had students take the bus because the traffic was light and manageable. This was important with voting taking place and we cannot thank you enough. I've attached a [photo](#) of the drop off line at 7:23 and it speaks for itself.

Lastly, in the spirit of students, families and schools working together, we have invited the ADA, Amanda Fowle in to speak with students next Wednesday, 3/13, about online safety and responsibility. The DA is also hosting a virtual parent night tomorrow 3/6, which Mr. Dupille emailed about yesterday. The [flyer](#) for that is attached. Parents/Guardians that attend the virtual event, please let us know if there is anything you would like us to share with the community.

Below is the description from the DA about the student presentation "[Cyber Sense](#)":

[Cyber Sense](#)

Cyber Sense, the internet safety presentation from the Plymouth County District Attorney's Office, is presented by Assistant District Attorneys familiar with the legal consequences of online interactions. Children are at risk from both access by predators through social media and from materials the children might post online. Topics covered include digital footprint, anonymity, online predators, cyber bullying, sexting, and legal penalties.

Thank you again for everything!

Ellen Murray
