CATALOG SEARCH ASSIGNMENT

1) Choose a FICTION book and search for some or all of the TITLE or AUTHOR. What did you type in as your search?

2) Describe your results (how many results, fic/nonfic/mix, how many available, and how can you tell?):

3) Choose one book: what are the title, author, and call number (should start with FIC)?

4) Describe in a VOICE RECORDING how you check for it on the shelf.
   • Based on the call number, what part of the library do you look in?
   • Based on the call number, do you want roughly the beginning, middle, or end of that section?
   • How do you get from that general idea to the specific part of the shelf?
   • Is the book you’re looking for there? If not, did you find other books by the same author?

5) Photo of the book on its shelf (or where the book ought to be).
CATALOG SEARCH ASSIGNMENT

1) Choose a TOPIC and search for it. What did you type in as your search?

2) Describe your results (how many results, fic/nonfic/mix, how many available, and how can you tell?):

3) Choose one book: what are the title, author, and call number (should start with a number)?

4) Describe in a VOICE RECORDING how you check for it on the shelf.
   • Based on the call number, what part of the library do you look in?
   • Based on the call number, do you want roughly the beginning, middle, or end of that section?
   • How do you get from that general idea to the specific part of the shelf?
   • Is the book you’re looking for there? If not, did you find other books with the same number?

5) Photo of the book on its shelf (or where the book ought to be).
