

# NORWELL HIGH SCHOOL

2020-2021

**OPEN  
HOUSE**

[www.norwellschools.org/nhs](http://www.norwellschools.org/nhs)

# Welcome to the Norwell High School Open House!

The following open house presentation includes an introductory video, as well as presentations from each of your student's teachers. As all teacher videos are pre-recorded, you have the flexibility to view these videos at your convenience with your student. The only information you will need is the names of your student's courses and teachers.

To access the teacher presentations simply look for the name of your student's course in the column on left side of each department's slide. Once you see the appropriate course, move to the right in that row and click on your student's teacher. By clicking on the teacher's name you will see their presentation.

A reminder to please take advantage of this unique open house format to view the teacher presentations together with your student. The discussion you have with your student during these presentations will be equally informative as what is being shared by the teacher. The more you're able to discuss the information in these presentations, and listen to your student's personal experience in the class, the better you'll be able to support their efforts to be successful.

The teachers put in a tremendous amount of time to prepare and share their course information with you in this format, and I'm confident it will support our collective efforts to best support our students.

Thank you for your continued flexibility and support.

Marc Bender  
Principal, Norwell High School
