Dear Vinal and Middle School Families and Staff:

I am writing to inform you that one person at the Vinal and one person at the Middle School have tested positive for COVID-19. School related close contacts have been notified. The quarantine protocols regarding COVID-19 are posted in the School Handbooks.

The nurses will confirm when it is appropriate for the student to return to school. We are working hard to understand the impact of the virus on our school community, and this information is a critical piece.

The Norwell Board of Health is aware of the positive cases. As a reminder, if a close contact is identified, parents of students who were in close contact with the community member will be notified privately by a school nurse, Board of Health or the State Community Tracing Collaborative. We are collaborating with our local board of health to complete contact tracing. Additionally, we are asking those parents whose students are tested for COVID-19 to please report the results to the school nurse.
