

NHS PTO MEETING—NOVEMBER 12, 2020

ATTENDEES: Mary Ellen Wall Janet Lee
 Sarah Baker Jennifer Weir
 Kristine Wolf Melanie Johnson
 Judy Petraske
 Janice McGovern
 Marc Bender

MOTIONS: Approved for a grant for two chairs for the floor to create a cozy corner in the guidance office for a save space for students

Update from the Principal:

Putting focus on school spirit and fun to continue to build community in the school

Student government has been well attended last meeting had 76 students, we would of been having our second pep rally of the year. Trying to find new and creative ways to continue to build school unity and spirit

Holiday festivities open to suggestions. Seniors had a great time with the spooky halloween drive through, everything went well, was socially distant, seem to go over well within the community

End of term one is November 13th, we will receive a massage when grades are available in aspen. Grades from term one show how students are adjusting to hybrid schedule

The open house videos that the teachers created should be watched they have great information and shows how they will be grading

Working on a plan for parent teacher conferences-they will be done remotely. Middle school is currently using a different program than the high school, working out what will be the vest way to move forward and the most user friendly

December 2nd is a half day, which will be a live remote day

Going remote for a week was challenging, the transition to and from, working with the board of health to ensure a safe environment at the high school

Update from Kristine, Clipper project has brought in another &940 dollars and another \$500 was received from dues

We paid out one thousand dollars for the agendas

Mary Ellen-trying to find ways to push the last of the clipper signs

Judy, teacher appreciation- raffles are well received from the teachers, we have been pulling a name every other Friday. Wondering if we should have some sort of staff appreciation gift for the holidays? Missing out on the teacher appreciation luncheon during parent teacher conferences. The PTO has only spent roughly \$500 on staff appreciation the rest was parent donations, this year is different as we haven't been able to send out email (sign genius) directly to parents.

Jennifer Weir: Let's have a thank you pizza dinner for the Janitors for all they they are doing to keep the building extra clean! Maybe we could combine the high school and middle school janitors together

Beautification Cara Davis—grounds are looking great! Mulch has been spread throughout the beds.
